

April 5, 2023

Ms. Jessica Rosenworcel, Chairwoman
Federal Communications Commission
45 L Street NE
Washington, DC 20554

Dear Ms. Rosenworcel and the IAC Membership Selection Committee,

I write this letter of recommendation for Loveland City Councilor John Fogle for your consideration to serve an additional term on the Intergovernmental Advisory Committee. In my tenure at the City of Loveland, and in my current capacity as the Fiber Manager for Loveland's community-owned broadband utility, Pulse, I have had the opportunity to work with Councilor Fogle for 13 years and can attest to his knowledge, abilities, and commitment to ensuring the public at large has access to, and is educated about, technology and broadband.

Our community understands that delivering better internet starts with building a better network. At nearly \$110M, and with a construction timeline of four years, Pulse Network Construction is the largest capital project in our city's history. The end result is the most modern, robust, and futureproof internet delivery system in Loveland, that is poised to guarantee that no resident or business is left behind from 21st century digital access. On time and on budget, Pulse will pass by every home and business in our city, completing construction by the end of 2023.

As we move toward the conclusion of a nearly decade-long process to research, engage with the community,, and ultimately bring this incredible resource to life, I can say without hesitation that this initiative has moved forward in part thanks to Councilor Fogle's efforts as a member of the council, a local technology professional, and engaged member of the community.

Our utility and our community appreciates Councilor Fogle's role in this process, his ongoing commitment to being a part of developing this resource, and his indefatigable nature and enthusiasm for keeping our citizen's advisory group, the Loveland Communication's Advisory Board, and the elected officials of Loveland City Council abreast of what is happening at the federal level, and how that has the potential to impact our residents directly.

Further, we are confident that he will continue to be a significant asset and committed resource to the IAC Committee and its members as a representative from a mid-size community that has executed a spectacularly successful rollout of this important utility.

Thank you for your consideration of Councilor Fogle. Should you have questions, or require additional information, please feel free to reach out to me about my experiences with this dedicated public servant.

Sincerely,

A handwritten signature in black ink that reads "Briana Reed-Harmel".

Briana Reed-Harmel
Pulse - Municipal Fiber Manager
